Engineering
("IE")

Corrosion
Prevention
("CP")

Key Customers

Infrastructure Engineering (“IE”)

Scaling up our business presence within the FPSOs and FSOs market

- The Group’s 51% owned subsidiary, Asian Sealand Offshore & Marine (“ASOM”) specialises in asset integrity solutions for operating floating assets such as Floating Production Storage and Offloading vessels (“FPSOs”) and Floating Storage and Offloading vessels (“FSOs”), among others.
- Targeting a larger customer base globally, ASOM has established itself as a proficient “one-stop” offshore in-situ turnkey solutions provider, leveraging on Sandwich Plate System (“SPS”) Technology, in optimising and extending the life of such operating floating assets.

Service-centric business model that create new value propositions and recurring income streams

- With a service-centric business model, the IE business division aims to strengthen and expand its capabilities to create new value propositions across the value chain of the marine and offshore industry, particularly in the new build sector.
- Delivering safe, flexible and cost-effective services and maintenance solutions within the marine and offshore industry, the Group aims to generate more recurring income streams, expand its customer base and enhance its track record.

Pedestal cranes business segment is potentially another high-growth segment

- The engineering, design and build deck equipment unit under the IE division has registered increased orders for pedestal cranes in recent years.
- To build on this momentum, the engineering, design and build deck equipment unit has been actively targeting new customers in new geographical markets that includes India and Middle Eastern countries.

Corrosion Prevention (“CP”)

One of the leading providers of corrosion prevention services in Singapore

- Ship corrosion continues to be a major hazard for the industry.
- Demand for our services continue to remain resilient and healthy in Singapore and Batam yards.

Blue-chip customers in the marine and offshore industry

- With our established track record of more than 30 years, we are appointed as “Resident Contractor” to provide corrosion prevention services to several blue-chip customers in the marine and offshore customers.

Sale, lease and rental activities of CP equipment across Southeast Asia

- In addition, the Group has ventured into the sale, leasing and rental activities of CP equipment across Southeast Asia to create new revenue streams.

Our Yard Facilities at Batam, Indonesia

明光集團
BENG KUANG GROUP

Waterfront yard (total area of 328,956 square metre) on the Eastern side of Batam Island, Kabil

After the proposal partial disposals, the Group will **continue to own 137,986 square metres** of the waterfront yard.

Continual efforts to monetise the remaining property space via leasing activities, while allocating sufficient space to **support the expansion of the Group's IE business activities**

- ✓ In July 2023 and October 2023, the Company has obtained approval from shareholders via Extraordinary General Meetings for the proposed partial disposals:
 - **90,000 square metres forming of the Group's shipyard in Batam for a consideration of S\$8.64 million in cash; and**
 - **100,970 square metres forming of the Group's shipyard in Batam for a consideration of approximately S\$9.89 million in cash respectively.**
